Billing Policy

Version 2.0 | Effective date: 2025-03-01

This policy sets out how Nimbus Workspace subscriptions are priced, invoiced and refunded. It replaces all earlier billing documents.

1. Plans and Pricing

Nimbus Workspace is offered on three plans. The Free plan costs nothing. The Pro plan costs $12 per user per month when billed monthly, or $10 per user per month when billed annually. Enterprise pricing is agreed in a contract with the sales team.

2. Billing Cycles

Subscriptions are billed monthly or annually in advance. Adding users during a billing period creates a prorated charge on the next invoice. Removing users takes effect at the next renewal.

3. Refunds

3.1 Monthly plans

Monthly subscriptions are not refundable. When a monthly subscription is cancelled, the workspace remains on the paid plan until the end of the current month.

3.2 Annual plans

Annual subscriptions may be refunded within 30 days of purchase. Refunds are issued to the original payment method. After 30 days, annual subscriptions can be cancelled but the remaining months are not refunded.

4. Failed Payments

If a payment fails, Nimbus retries the charge and notifies the workspace Owner. There is a grace period of 7 days. If payment is still outstanding after the grace period, the workspace is downgraded to the Free plan; no data is deleted.

5. Taxes

Prices exclude sales tax and VAT. Applicable taxes are added to each invoice based on the billing address.
